KESHAV GUPTA

Haryana, India | keshavgupta072004@gmail.com | +91 9485991690 | LinkedIn | GitHub | Portfolio

PROFESSIONAL SUMMARY

Computer Science graduate with hands on experience in full-stack development, data analytics and cloud technologies. Skilled in building responsive web applications using React, Next.js, Node.js and FastAPI with experience in Python, SQL, data analysis and Power BI. Completed internships in cloud consulting and frontend development, gaining practical experience in client engagement, requirement gathering, application development and troubleshooting. Strong foundation in problem solving, software engineering and modern development practices with a passion for building scalable and data driven solutions.

EXPERIENCE

Cloud Consultant Intern — Mist Avinya Technologies LLP, Noida Dec 2025 - June 2026

- Engaged with clients to understand business requirements and recommend suitable cloud-based solutions.
- Conducted requirement-gathering discussions and documented client needs for technical teams.
- Assisted clients in understanding AWS cloud services, deployment options, and infrastructure best practices.
- Coordinated between clients and engineering teams to ensure smooth communication and project execution.
- Supported cloud adoption initiatives by providing consultation on service selection, scalability, and cost considerations.

Front End Intern — CertifyX, Delhi (Remote) July 2026 - Current

- Developed and maintained responsive web interfaces using HTML, CSS, and JavaScript.
- Built reusable UI components and dynamic web pages using React.js.
- Collaborated with the team to implement new features and enhance existing functionality.
- Participated in debugging and testing to ensure clean, responsive, user-friendly interfaces.

EDUCATION

B.Tech, Computer Science Engineering — Chitkara University, Punjab Aug 2022 - Aug 2026

CGPA: 7.81/10

TECHNICAL SKILLS

Programming Languages: Python, JavaScript, TypeScript, Java, SQL

Frontend Development: React.js, Next.js, Redux Toolkit, HTML5, CSS3, Tailwind CSS, Responsive Design, Component-Based Architecture

Backend & APIs: Node.js, Express.js, FastAPI, RESTful APIs, JWT Authentication, OAuth 2.0, Firebase Authentication

Data Analytics & BI: Pandas, NumPy, Data Cleaning & Validation, Exploratory Data Analysis (EDA), Excel, Power BI, DAX, SQL Analytics

Databases: MySQL, MongoDB, SQLite, Relational Database Design, Star Schema

Cloud & DevOps: AWS (EC2, S3, IAM), Docker, GitHub Actions, CI/CD Pipelines, Vercel, Render, Git

Testing & Tools: pytest, Postman, API Testing, Debugging, Troubleshooting, VS Code

Core CS & Professional Skills: Data Structures & Algorithms, OOP, DBMS, Problem Solving (100+ LeetCode Problems), Technical Documentation, Requirement Gathering, Client Communication

PROJECTS

FundScope India — *Mutual Fund Analytics Platform* | fund-scope-india.vercel.app

- Built an AI-powered mutual fund analytics platform using Gemini AI, covering 16 schemes and 42,372 NAV records.
- Performed data cleaning, preprocessing, and validation using Python, Pandas, and NumPy, achieving 100% clean rows in validation.
- Implemented 6+ financial metrics, including CAGR, Sharpe Ratio, Sortino Ratio, and Maximum Drawdown..
- Developed 18 SQL queries using CTEs and window functions; created Power BI dashboards for KPI reporting and data visualization.
- Built interactive dashboards using React and FastAPI, integrating AI-powered financial insights.
- Tech Stack: Python · Pandas · NumPy · SQL · Power BI · DAX · React · TypeScript · FastAPI · SQLite · Gemini AI

MediConnect — *Healthcare Communication Platform* | medi-connect-k.netlify.app

- Built a full-stack healthcare platform with role-based access for patients, doctors, and admins using JWT authentication.
- Implemented password hashing and encrypted data storage to protect sensitive patient information.
- Implemented real-time messaging and video call features between patients and providers, reducing communication turnaround time.
- Designed appointment booking and scheduling workflows with doctor rating/review and profile management features.
- Integrated Cloudinary for secure image/document uploads (e.g., prescriptions, reports).
- **Tech Stack:** React · Redux Toolkit · Node.js · Express.js · MongoDB · JWT · Cloudinary

ACHIEVEMENTS

- Solved 100+ DSA problems on LeetCode — strong foundation in algorithms and data structures.
- Open-source contributor: Hacktoberfest & Social Winter of Code.
- Captained cricket team to victory in university hostel tournament, demonstrating leadership and team management.

CERTIFICATIONS

- AWS Cloud Practitioner Essentials — Completion Certificate, AWS Training & Certification.
- Deloitte Data Analytics Job Simulation — Certificate of Completion, Forage
